FREE COMMUNITY SUPPORT SESSIONS

Our community has been shaken by the events that happened in Highland Park on July 4th. The North Shore area is a family, and NorthShore University HealthSystem wants to help our family cope in the days and weeks ahead. As a community, we can move forward together

Licensed mental health professionals at our Deerfield location will be offering support sessions free of charge for both children and adults Monday through Friday from Monday, July 11th through Friday, July 15th. We will reassess the community needs at that time.

Groups will offer open discussion, a space to process events, and address topics such as how to talk to children about violence.
